Preliminary Test Plan with Test Cases

1. **Multiple annotations on the same picture at the same time**	• **Inputs:** Comment text • **Behaviour tested:** How the system responds to heavy load and multiple write actions • **Expected outcomes:** All annotations will be saved and display. Number displayed depends on order of contribution
2. **Leaving an image before saving annotations**	• **Inputs:** Comment text • **Behaviour tested:** How the system responds to an incomplete action • **Expected outcomes**: Annotations will be unsaved and lost
