

Focus Group Procedure

Outline

1. Introduction of the project
2. Describe the procedure of the focus group
 - a. Three sections of project- each person has specific functionality
 - b. Requirements phase
 - c. Interface/design phase
3. Requirements and interface questions
4. Thank You

Exhibition service questions

- If we were to digitise a museum exhibition, what would you expect to see?
- What do you think this functionality should provide?
- Demo of exhibition paper prototype
- Feedback from paper prototype

Administrator uploads service questions

- What features do you think this functionality should provide? (e.g. editing image, bulk uploads, edit album, create new album)
- Demo paper prototype
- Feedback from paper prototype

User uploads

- Should user uploads be uploaded directly to the archives
- Is this functionality useful?
- Should this feature be similar to that of curator uploads?
